Dear Colleagues,

We are delighted to present the first issue of the third year of our journal, which aims to provide a multidisciplinary perspective on the surgical field. In a rapidly evolving world, we take pride in offering a comprehensive outlook on surgery alongside specialized field journals.

Over the past two years, our journal has successfully secured its place in international indexes, thanks to our dedicated editors, our reviewers for their impartial review of the manuscripts, authors, and the invaluable support of our readers. I extend my sincere gratitude to each of them for their contributions.

At the beginning of the new year, changes in our editorial team and board of directors will further strengthen our journal and pave the way for greater success. We are pleased to announce that this issue of JOCs includes four original research articles and a case report.

In the 3rd year of our journal, we aim to expand our reach, increase our scientific contributions in the field of surgery and be indexed not only in international databases but also in national databases.

Endless thanks to MHA and their team, as well as everyone who has contributed to the publication of the Journal of Comprehensive Surgery.

Best regards,

Assoc. Prof. Fatma KAVAK AKELMA
